Help

How can we help you?

How our product and features work

Explore the sections on the left side

Browse through the categorized sections in the left-side menu to learn more about the Opera browser. If you have additional questions or queries, check out the FAQ or forum pages, and stay informed with what’s new in our Opera Blog page.

Most popular topics

Update the browser

Your Opera browser will automatically update when a new version is available. You can check its status in Update & Recovery.

Get started

New to Opera? Visit this page to get a sweeping overview of what’s available in the browser.

Security and Privacy

Opera’s built-in ad blocker, VPN, and other features make it one of the most secure browser’s available. Learn about how you are protected [here](#).

Get help from Opera Community

Ask Opera users

Check our forums to learn from experienced Opera contributors and users, ask questions, or share your own tips to others.
